Proposal Letter

Dear Ms. Ladhani,

Thank you for choosing to explore your Australian Permanent Residency pathway with us. Following our comprehensive pre-assessment, we are pleased to confirm that your profile demonstrates strong eligibility for Australian PR. With a decade of professional experience, your bachelor's degree, and your determination to build a future in Australia, you are well-positioned to navigate this journey successfully. We understand that this decision represents not just a visa application but a transformative step towards new opportunities for you and your family.

Our approach to your case will be methodical and personalised. We will begin by conducting a detailed skills assessment to identify the most suitable occupation code that maximises your points under the SkillSelect system. Following this, we will prepare and lodge your Expression of Interest with precision, ensuring every aspect of your profile is optimally presented to enhance your invitation prospects. Our team will then guide you through the state nomination process, if applicable, leveraging our knowledge of current state priorities and requirements. Throughout the documentation phase, we will meticulously compile your evidence portfolio, from employment references to qualification certifications, ensuring compliance with Department of Home Affairs standards whilst anticipating potential queries before they arise.

What distinguishes our service is our commitment to transparent communication and proactive case management. We assign a dedicated case officer to each client, and you will receive regular updates at every milestone. Our success rate with Australian PR applications reflects our thorough understanding of immigration policy nuances and our unwavering attention to detail. We invite you to proceed with engaging our services, and we are confident that together, we can turn your Australian PR aspiration into reality. Please feel free to reach out should you have any questions as you consider this important decision.

Warm regards,

Immigration Consultancy Team
