

Date: 30 June 2026

To,
Mr. Sanit Tawde
Associate Vice President – Human Resources
Komorebi Tech Solutions Pvt. Ltd. (Cityflo)
Mumbai, Maharashtra

Subject: Professional Advisory - Continuity of Employment of Mr. Amey More in connection with pending Australian Skilled Migration application (Subclass 189 / 190)

Dear Mr. Tawde,

We write in our professional capacity as the authorised immigration representatives of Mr. Amey More ("our Client"), who has formally engaged our firm in relation to his application for Australian Permanent Residency under the General Skilled Migration programme, including Subclass 189 and / or Subclass 190.

We confirm that our Client has been under our professional representation since September 2025, and that his migration matter remains active. We further confirm that the skills assessment component of his application is presently being undertaken by VETASSESS, the designated assessing authority for his nominated occupation under the applicable ANZSCO classification- 223111 : Human Resource Adviser

This advisory is issued for the limited purpose of placing on record a time-sensitive immigration-related consideration arising from the presently scheduled conclusion of our Client's employment with Komorebi Tech Solutions Pvt. Ltd. (Cityflo). It is intended to ensure that the organisation has the relevant background before taking a final view on the extension request that our Client has separately submitted through internal channels.

Based on the records and instructions made available to us, we understand the factual position to be as follows:

1. Our Client commenced full-time employment with Cityflo on 20 September 2021;
2. He has remained in continuous employment with the organisation from that date onward;
3. He tendered his resignation on 26 June 2026; and
4. In accordance with the applicable notice-period requirements, his currently scheduled last working day stands as 10 August 2026.

The Australian General Skilled Migration framework operates under a strictly points-tested statutory regime governed by the Migration Act 1958 (Cth), the Migration Regulations 1994 (Cth), and associated policy settings administered by the Department of Home Affairs, Commonwealth of Australia. Invitations to Apply (ITAs) are issued to eligible candidates on a competitive basis, with ranking determined by total points claimed and accepted under the applicable criteria.

A principal component of that points assessment is Skilled Employment Experience. The recognition of such employment is governed by published criteria that are objective in nature and not ordinarily subject to discretionary relaxation. In relation to our Client's case, the following matters are directly relevant:

1. VETASSESS recognises employment for points-test purposes only where the relevant employment satisfies the prescribed requirements as to skill level, continuity, and minimum qualifying duration, including a minimum continuous period of twelve (12) months at the nominated skill level. Our Client's previous employment, having lasted approximately eight (8) months, does not satisfy this threshold and is accordingly excluded from his points-claimable experience.
2. His tenure with Cityflo therefore constitutes his sole qualifying period of claimable skilled employment for the purposes of the current migration points calculation.
3. Under the applicable points schedule for skilled employment outside Australia, the Department presently awards 5 points for at least 3 years but less than 5 years of qualifying skilled employment, and 10 points for at least 5 years but less than 8 years of qualifying skilled employment.
4. On the presently scheduled last working day of 10 August 2026, our Client will have completed 4 years and 10 months of continuous service at Cityflo, leaving him short of the 5-year threshold by approximately six weeks. Were his employment instead permitted to continue until 20 September 2026, he would complete 5 full years of continuous service, thereby moving into the next points band and becoming eligible to claim an additional 5 points.

We consider it important to place on record that, within the Australian GSM framework, a 5-point differential is both legally and practically significant. Invitation rounds are highly competitive, and the cut-off for invitations under most occupation ceilings currently sits within a narrow band. The six-week differential in employment tenure, in immigration terms, is therefore not a marginal one, and is frequently the determining factor between receiving and not receiving an invitation in a given round.

Accordingly, should Cityflo consider it operationally feasible and consistent with its business requirements, the organisation may wish to consider permitting our Client's employment to continue until 20 September 2026, thereby allowing the completion of five years' continuous service prior to the conclusion of his employment.

This advisory should not be interpreted as creating any legal obligation upon Cityflo to extend our Client's employment, nor should it be construed as providing any assurance regarding the outcome of his migration application, which remains subject to assessment by the relevant Australian authorities. It does not concern itself with the terms of his separation, his notice-period obligations, or any internal company policy, all of which lie within Cityflo's sole discretion. It is provided solely as a formal professional immigration advisory, so that whatever decision the organisation arrives at is taken with full awareness of the immigration implications associated with the timing of cessation of employment.

Should your office require any clarification regarding the purpose of this advisory, the present status of our Client's migration matter, or supporting confirmation relevant to the position outlined above, including independent verification referencing his Department of Home Affairs case file, we would be pleased to assist subject, where necessary, to our Client's consent and applicable professional requirements.

We appreciate your time, consideration, and the support extended to our Client during his tenure with the organisation.

Yours faithfully,

**For Ladhani Education & Migration
Services (OPC) Pvt. Ltd**
